

RESTAURANTS

Puerto de la Cruz is full of restaurants, most of which are rather tourist orientated. There are some very good restaurants though but you'll have to shop around. Outside El Puerto tourism is not the main activity and most restaurants are therefore local orientated. Those given below are examples of what you could find around El Puerto and beyond. Usual opening hours: 13:00h - 15:00h and 19:30h - 23:00h.
